assembles key documents and firsthand accounts that are emblematic of american life from the end of world war ii designed to complement a core text for a typical post 1945 us history course this book offers coverage of domestic and foreign societal and cultural issues grouped together chronologically

produced by co founder nader and director ditlow for the non profit center for auto safety this is a consumer s guide to the

purchase maintenance and repair of new or used cars and to the laws that protect purchasers distributed by rizzoli annotation copyrighted by book news inc portland or

author of unsafe at any speed nader is a polarizing political activist lecturer and attorney noted for his work in consumer protection environmentalism and government reform he has been directly credited with the passage of several landmark consumer protection legislation this book examines the controversial figure in the context of the consumerist movement the muckraking tradition the new left onslaught on the nation s values proposing that nader s national socialism has been a harmful force that aims to start a revolution

ralph nader is one of america s most controversial and uncompromising public figures he is a man on a mission who believes that taking on the powers that be involves more than just talking about it it also means taking action from car safety in the 1960s to opposition to the world trade organization in the 1990s nader s work has increased government responsiveness to citizens served as a check against the abuse of power by big business and shaped the political consciousness of a nation nader s sense of mission is infused in all of his work especially his weekly columns in pursuit of justice a collection of nader s most recent trenchant articles written in the years immediately following the publication of the ralph nader reader nader addresses a broad array of issues among them corporate crime and power government accountability media control consumer rights healthcare congressional reform nuclear power and energy racial discrimination poverty food and drug safety air and water pollution fair taxation product liability protection union democracy living family wage unfair lending practices community radio industrial hemp banking pension law telecommunications and the importance of character nader has even sponsored consumer initiatives to reform university governance educational testing daily newspapers women s health care legal services and professional sports all of which are reflected in these sharp and sometimes humorous essays as informative as it is pleasurable to read section after section of in pursuit of justice slices through government and corporate propaganda and reveals the corruption bias and injustice that all too often connect politics with big business thereby impeding the pursuit of justice collecting more than one hundred of his most recent writings in pursuit of justice conveys nader s inimitable sense of both the global political economy and our nation s democratic promise

in a thorough reappraisal of the white collar and corporate crime scene this second edition builds on the first edition to complete the criminal narrative in an outstanding reference resource

car safety wars is a gripping history of the hundred year struggle to improve the safety of american automobiles and save lives on the highways described as the equivalent of war by the supreme court the battle involved the automobile industry unsung and long forgotten safety heroes at least six us presidents a reluctant congress new auto technologies and most of all the mindset of the american public would they demand and be willing to pay for safer cars the car safety wars were at first won by consumers and safety advocates the major victory was the enactment in 1966 of a ground breaking federal safety law the safety act was pushed through congress over the bitter objections of car manufacturers by a major scandal involving general motors its private detectives ralph nader and a gutty cigar chomping old politician the act is a success story for government safety regulation it has cut highway death and injury rates by over seventy percent in the years since its enactment saving more than two million lives and billions of taxpayer dollars but the car safety wars have never ended gm has recently been charged with covering up deadly defects resulting in multiple ignition switch shut offs toyota has been fined for not reporting fatal unintended acceleration in many models honda and other companies have for years sold cars incorporating defective air bags these current events suggesting a failure of safety regulation may serve to warn us that safety laws and agencies created with good intentions can be corrupted and strangled over time this book suggests ways to avoid this result but shows that safer cars and highways are a hard road to travel we are only part of the way home

for more than 30 years the government has been ramming cars into walls in an effort to make car crashes safe the public has been conditioned to believe that seatbelts airbags and more crashworthy vehicles are the best ways to protect us from harm on the roads meanwhile the most basic strategies to deter dangerous driving and prevent crashes have been ignored it s no accident provides a rare glimpse into how the government got seduced by the promise of safe crashing it then examines the major factors involved in crashes today including speeding aggressive driving distracted e g cell phones and drowsy driving the author reveals that many dangerous behaviors are now legally promoted by businesses and that drivers who kill often walk away with just a small fine this well documented expose is a must read for anyone concerned about violent death and injury on our

roads and how to stop it questions about this book or trouble with your order e mail [info@crashprevention.org](mailto:info@crashprevention.org)

first published in 2004 volume ii provides the hard facts and the history behind the headlines significant 20th century events in the evolution of all aspects of business and commerce are described in chronologically arranged articles the text of each article is divided into two sections summary of the event describes the event itself and the circumstances leading up to it and impact of the event analyzes the influence of the event on the evolution of business practice or on a major industry in both the short and long terms each article concludes with a fully annotated bibliography

this unique title draws together in one volume some of the best thinking to date on the pressing social and environmental challenges we face as a society these are the top 50 sustainability books as voted for by the university of cambridge programme for sustainability leadership s alumni network of over 3 000 senior leaders from around the world in addition to profiles of all 50 titles many of the authors share their most recent reflections on the state of the world and the ongoing attempts by business government and civil society to create a more sustainable future many of these authors have become household names in the environmental social and economic justice movements from rachel carson ralph nader and e f schumacher to vandana shiva muhammad yunus and al gore others such as aldo leopold thomas berry and manfred max neef are relatively undiscovered gems whose work should be much more widely known by featuring these and other seminal thinkers the top 50 sustainability books distils a remarkable collective intelligence one that provides devastating evidence of the problems we face as a global society yet also inspiring examples of innovative solutions it explores our deepest fears and our highest hopes for the future it is a must read for anyone who wants to tap into the wisdom of our age

this introductory american politics textbook highlights political controversies and debates that make politics compelling and shows that politics has the potential against formidable odds to solve crucial public problems what are the conditions in which america and other countries can promote justice and prevent tyranny what are the obstacles to positive change and importantly what are ways in which citizens can get involved this book explores the american political system its institutions people and groups with a focus on identifying the promise and peril of american politics leading with central questions and controversies of american

politics the chapters cover all the key topics in american politics including the constitution federalism civil rights the presidency congress courts bureaucracy media parties and interest groups helping students understand how and why political events and processes occur this book is suitable for undergraduate courses on american government american politics and civics

every car owner should read the lemon book the center for auto safety estimates that one in 15 new cars produced this year will be a lemon thousands of duped and potentially endangered motorists will need reliable advice this book defines exactly what a lemon is tells readers how to identify one and what to do if they discover the car they bought fits the description the recipe for lemon aid includes writing complaint letters informing local government representatives calling a consumer hotline taking legal action even picketing the dealer the fourth edition offers new sample letters as well as updated lists of resources with addresses and phone numbers dozens of new lemons are identified by make and model here too is an insightful primer on the art of buying a new or used automobile showing the consumer how to match a car with a lifestyle and how to differentiate essential safety features from mere costly extras a consumer s key to informed decision making
