designed for courses in deviant behaviour and introductory deviance this edited collection focuses on the construction of notions of deviance in everyday life discussions of traditional theories are included to provide students with a well rounded overview of theoretical approaches to deviance however the guiding theoretical framework of the book is a focus on the social construction of deviance both at the macro and micro levels while the first section considers topics that are traditionally found in deviance textbooks prostitution drug abuse alcoholism and mental illness the second section highlights assumptions about what constitutes normal families bodies and cultural practices most deviance readers and texts focus on very narrow conceptualizations of what constitutes deviant behaviour with little attention paid to everyday constructions of deviance related to poverty body image and family values

social deviance and crime unites two topics that are usually separated the study of social deviance and the study of criminal behavior traditionally the study of deviance introduces students to various types of deviance giving the impression that these are distinct acts requiring equally distinct and unique explanations the study of crime has followed virtually the same path criminology textbooks usually describe a series of criminal acts one at a time fostering the impression that these acts have only one thing in common they are all violations of the criminal law as a result treatment of deviance and crime in most texts has proceeded along two different and parallel tracts with little or no convergence in social deviance and crime title and paternoster contend that acts of social deviance and criminality share important conceptual ground both are types of behaviors that are socially disapproved and specific acts differ mainly in the degree to which they are disapproved the authors argue that social disapproval is an important characteristic that links apparently diverse behaviors religious and sexual deviance organized crime youth gangs drug use serial murder etc this book differs significantly from other texts in the way it bridges deviance and crime within a single conceptual and explanatory framework social deviance and crime s approach is also unique texts in criminology and deviance often adopt either an interactionist constructionist or a substantive perspective this

book treats deviance as an integrated concept differentiated chiefly by how well deviant criminal enterprises are organized the authors describe and analyze different types of deviant criminal acts according to an ascending scale created by combining nine different features of organization the text then explores theories and explanations about how deviance takes place how it develops and why it is maintained also included is a discussion of variations in the distribution rate of deviant acts within society and how theory can and cannot account for these known variations tittle and paternoster interweave conceptual and empirical material together giving students an opportunity to understand the impact of theory on research every chapter features deviance in everyday life boxes here the authors provide vivid real world examples of deviance deviance organization and attempts by society to do something about deviance

perspectives on deviance and social control provides a sociological examination of deviance and social control in society derived from the same author team s successful text reader version this concise and student friendly resource uses sociological theories to illuminate a variety of issues related to deviant behavior and societal reactions to deviance the authors briefly explain the development of major sociological theoretical perspectives and use current research and examples to demonstrate how those theories are used to think about and study the causes of deviant behavior and the reactions to it focusing on the application rather than just the understanding of theory the second edition offers a practical and fascinating exploration of deviance in our society

understanding deviance provides an indispensable guide to the major themes and theories which have come to form the sociology of crime and deviance from their origins in the research of the university of chicago sociology department in the 1920s to the most recent work in cultural criminology

the handbook of deviant behavior presents a comprehensive integrative and accessible overview of the contemporary body

of knowledge in the field of social deviance in the twenty first century this book addresses the full range of scholarly concerns within this area including theoretical methodological and substantive issues in over seventy original entries written by an international mix of recognized scholars each of these essays provides insight not only into the historical and sociological evolution of the topic addressed but also highlights associated notable thinkers research findings and key published works for further reference as a whole this handbook undertakes an in depth evaluation of the contemporary state of knowledge within the area of social deviance and beyond this considers future directions and concerns that will engage scholars in the decades ahead the inclusion of comparative and cross cultural examples and discussions relevant case studies and other pedagogical features make this book an invaluable learning tool for undergraduate and post graduate students in disciplines such as criminology mental health studies criminal theory and contemporary sociology

social deviance any behavior that violates a cultural norm can involve something as major as crime or as minor as consistently and deliberately wearing lively mismatched socks whether a crime a sin or simply unique taste what s considered deviant at one time and place can change as when extensive tattooing and body art evolved from a sideshow carnival spectacle to a nearly universal rite of passage within u s culture drawing contributions from across the social and behavioral sciences including sociology anthropology criminology politics psychology and religion the encyclopedia of social deviance introduces readers to the lively field of rule making and rebellion that strikes at the core of what it means to be an individual living in a social world key features more than 300 articles authored by key figures in the field are organized a to z in two volumes each article concludes with cross references to related entries and further readings a thematic reader s guide groups related articles by broad areas e g concepts theories research methodologies individual deviance organizational deviance etc as one handy search feature on the e reference platform which also includes a comprehensive index of search terms available in both electronic and print formats this two volume a to z encyclopedia set is a must have resource for students and researchers

who seek to understand social deviance key themes crime property crime sex crime violent crime white collar corporate defining deviance deviance in social institutions deviant subcultures discrimination drug use and abuse marriage and family deviance measuring deviance mental and physical disabilities methodology for studying deviance self destructive deviance sexual deviance social and political protest social control and deviance studying deviant subcultures technology and deviance theories of deviance macro theories of deviance micro transitional deviance

mysearchlab provides students with a complete understanding of the research process so they can complete research projects confidently and efficiently students and instructors with an internet connection can visit mysearchlab com and receive immediate access to thousands of full articles from the ebsco contentselect database in addition mysearchlab offers extensive content on the research process itself including tips on how to navigate and maximize time in the campus library a step by step guide on writing a research paper and instructions on how to finish an academic assignment with endnotes and bibliography this fully updated book reflects the most recent changes that have taken place within the study of criminal and deviant behavior now with a greater slant on crime it presents timely discussions on theory research and policy and rounds out coverage with illuminating historical and comparative research examples organizes chapters theoretically and provides a multiview perspective for a sound balanced treatment with a solid integration of theory research and social policy throughout emphasizes crime as a specific form of deviance and now uses actual research examples vs an encyclopedic review of research to add dimension and reinforce understanding extensively revises discussions on theory research and policy to incorporate the most current information available visually supports material with diagrams boxed research illustrations tables graphs and maps for professors of sociology and criminal justice

what makes behavior deviant and who gets to decide what deviance is deviant behavior seeks to answer these questions and more this compelling new text covers the social forces that shape deviance the motivations and consequences of deviant

behaviors and how our definition of deviance changes over time authors john a humphrey and frank schmallegger discuss a wide range of deviant behaviors from criminal acts to extreme forms of everyday behavior and provide students the necessary foundation to understand the impact of globalization on traditional and emerging forms of deviance readers will explore deviance in the modern world using a systematic application of social and criminological theories to a range of deviant behaviors to help them better understand themselves others and society included with this title the password protected instructor resource site formally known as sage edge offers access to all text specific resources including a test bank and editable chapter specific powerpoint slides

deviance and social control in sport challenges preconceived understandings regarding the relationship of deviance and sport and offers a conceptual framework for future work in a variety of sociological subfields

deviant behavior 10 e by erich goode provides a comprehensive study of the behavior beliefs conditions and reactions to deviance giving students a better understanding of this phenomenon deviance is discussed from the sociological perspectives of positivism and constructionism readers will grasp the reason behind deviant behavior through the positivist perspective and why certain actions beliefs and physical characteristics are condemned through the constructionist perspective

this encyclopedia offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives over 100 racial and ethnic groups are described with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society

goode u of maryland offers this text as a counter to the all too frequently misinformed commentary promulgated in the social sciences the media and the public at large about the phenomenon of deviance personal accounts by several individuals give

insight into how deviance is created how judgments of norm violations are decided and by whom how those sanctions are experienced by violators and how these experiences influence their view of the world how social relations work how those who know they are violating a norm form their relations with people who accept that norm and ideas about deviance and conventionality c book news inc
